**Royal College of Physicians
LONDON**

Invitation and Programme

INVITATION

Dear Colleague

We are pleased to announce the 11th British Hypertension Society Clinical Education Meeting for Primary Care, which will be held at the Royal College of Physicians on Tuesday 19th May 2009.

This educational programme is intended to support best practice and successful implementation of evidence-based management and guidelines. Over 1,000 General Practitioners, Primary Care Cardiovascular Leads and Lead Pharmacists have attended British Hypertension Society Clinical Education meetings and feedback has been highly positive. For this meeting we have constructed a programme based on feedback from previous meetings to consider pragmatic approaches to reducing cardiovascular disease and achieving targets. To facilitate interaction, you are invited to bring your difficult cases and see what the experts say.

The meeting is aimed at Primary Care Trust GP leads in CHD, diabetes and stroke, as well as Primary Care Pharmacists and Supplementary Prescribers in cardiovascular risk.

We wish to thank our sponsors Boehringer Ingelheim and Takeda UK Ltd. for providing educational financial grants towards the cost of this independent educational meeting.

We hope that you will take the opportunity to join us at the meeting and look forward to seeing you there.

Professor Gordon McInnes
President
British Hypertension Society

Dr. James McLay
Chairman
BHS Educational Programmes Working Party
