Promoting better understanding, diagnosis, treatment and quality of life for individuals suffering with cardiac arrhythmia

Mini-Anne CPR & AED Training Kit

Arrhythmia Alliance is proud to introduce the 'Mini-Anne Self Directed CPR & AED Skills Learning Programme', the first of its kind!

With a fully interactive DVD, the self-directed Mini-Anne CPR & AED kit allows individuals to learn the core skills of Cardiopulmonary Resuscitation (CPR) and the use of an Automated External Defibrillator (AED) in less than an hour.

The kit includes the complete set of apparatus needed to simulate the process of performing CPR and using an AED; from identifying a patient in need of medical assistance to the arrival of the emergency services.

Only £25 (plus VAT and P&P)

The interactive DVD is a revolutionary method of teaching these life-saving skills. It employs a unique "watch and do" technique where the user can practice CPR (30 compressions: 2 breaths) on a personal manikin (Mini-Anne) and learn how to use an AED.

Promoting better understanding, diagnosis, treatment and quality of life for individuals suffering with cardiac arrhythmia

The Mini-Anne CPR & AED Kit is suitable for people of all ages and levels of prior knowledge, providing an invaluable source of AED training and demonstration. The information given is clear, concise and easy to follow and is complimentary to additional AED training that may be supplied (either by the ambulance service or medical professional). In addition to this, trained personnel may also benefit from the kit as a means of providing refresher training.

Pass it on

Those who receive the kit are able to share the programme with their loved ones.

By passing the kit on to family members and friends, one 'Mini Anne CPR & AED Training Kit' can go a long way to help make a community 'Heart Safe'.
